Attached is the funding information that was requested for the PINs in Community/Family Health based on the recall list.

You will notice that there are some PINs that say "N/A" for the funding. I asked La Juan what that meant and she stated that we didn't have funding information for that PIN which also leads me to believe that the PIN wasn't filled at any time in FY18. But I was under the impression that all the PINs in "red" were filled in FY18 at some point so now I'm confused, was I wrong to assume that?
